3. _____

What do you want to accomplish by developing a method for sharing best practices?
(Check all that apply.)

- Harness the expertise of top legal minds and distribute their knowledge to others
- Create an online collaborative community that shares expertise
- Facilitate court improvement and improved legal representation of children through statewide discussion of common problems, engendering creative solutions
- Provide a vehicle for developing improved policies and practices, raising the standard of practice across the state
- Coordinate statewide pro bono efforts
- Disseminate critical information and new developments so they are immediately available statewide
- Provide a vehicle for polling professionals about the problems they face and how they handle situations
- Create a mechanism for marshalling resources across the state to respond to large-scale or statewide needs
- Foster collaboration among legal professionals and child welfare organizations
- Other: _____

Are there any types of expertise you especially would like regarding the creation of a best practice resource-sharing system? (Check all that apply.)

- How a single individual can start a statewide resource-sharing system
- Different options for sharing best practices in my state
- Measuring success of different types of resource-sharing systems
- Finding funding for a statewide resource-sharing system
- Steps involved in creating a statewide resource-sharing system
- Tips for promoting use of a statewide resource-sharing system
- Other: _____
